

Childproof Bags

Printed pouches | flexible packaging manufacturer

I. About childproof bags

Childproof bags or child resistant pouches are for medical products, or products only limited to adult use. So custom printing warnings according to local laws are requested and branding OEM available here.

For the reason that childproof bags are finished with safety zip lock mechanisms, small kids are protected from ingesting the harmful chemicals and poisons. Thanks to the childproof bags, medicinal herbs, edibles, and concentrates, small pharmaceuticals, and chlorine and detergent pods all can be safely stored and used.

What's more, for different applications, we have different films structure to cater. Hence full range of materials and design elements are available for your packaging projects. Besides, longer shelf life as a result can be achieved.

Above all, the childproof bags are preferred due to below features:

- alternative to costly big plastic container
- easy open for adults
- space saving due to small size.
- opaque barrier to keep contents discreet
- high barrier smell protection for maximum shielding and odor control
- Smell proof
- food-safe

5 x 8 x 3 inches	14 g
6 x 9.4 x 3.25 inches	28 g
6 x 2.71 inches	pre roll
14 3/5 x 16 3/7 x 6 inches	1 lb

2.1 Digital printing

Digital printing allows MOQ to be 200 to 500 bags as a start. Very widely applied while trial orders or startups needed.

No color limits, no plates needed, swift delivery time in 10 days.

2.2 Gravure printing

Gravure plate printing normally requires a MOQ of 5000 to 10000 bags. Especially preferred when clients want to settle down a long term design and save long term packaging cost significantly.

One plate for one color per design.

Including making plates, normal lead time is 15-25 days.

2. Printed pouches manufacturer

We are a printed pouches manufacturer supplier in China.

And our facility is equipped with:

- 2 gravure printing lines and 1 digital printing line
- 2 laminating lines
- 3 pouches bagging lines
